*"We are so grateful for your sponsorship! We cannot afford \$300-\$600 to prepare for the SAT/ACT tests. Without your support we would be going it alone without the benefit of those skilled to train our kids how to study effectively for these important mile markers!" – **Cindy Boston***

*"Thank you, Sponsor, from the bottom of this mother's heart! Your program helped my second son bring his ACT score up into the range for a full-ride scholarship to our local university! Now, we will begin using your program to help our daughter as she enters junior high school." – **Lydia Headrick***
